EQUITY PROTECTOR

Term Life Insurance with Living Benefits

Equity Protector is designed as simple-to-issue term life insurance that comes to terms with the tools needed most by homeowners – whether they are individuals, couples or families, and regardless of age or certain health conditions. These include:

- Death benefits sufficient to help pay off a mortgage or pay for other family expenses (children’s education, etc.).
- Accelerated living benefits to replace lost income, pay medical costs, pay for assisted living care, etc.
- Optional riders: Waiver of Premium, Accidental Death Benefit, additional coverage for dependent children.

KEY FEATURES

- Simple-to-issue, non-medical underwriting.
- Fast & easy application – exclusively via e-app submitted by agent.
- Fast response and/or issuance – usually within 5 days.
- Death benefit amounts from \$50,000 through \$300,000.
- Choice of 10 year, 15 year, 20 year or 30 year terms.
- Guaranteed level premiums throughout the term.
- Issue ages from 18 through 75 – including 30-year term through age 55!
- Accelerated Living Benefit Rider included without additional premium (Classic 1), where approved in state of issue.
- Optional riders can include Waiver of Premium, Accidental Death Benefit, additional coverage for dependent children.

FEATURES and BENEFITS

Term life insurance product provides a fixed period where the payments (premiums) are guaranteed to be level. The Equity Protector offers a choice of a 10 year, 15 year, 20 year, or 30 year guaranteed level term period. After this initial period, the premiums will increase annually, as the insured ages, through their 95th birthday.

Classic 1 risks will convert to the Alliance UL Standard Express risk class. Classic 2 risks will convert to the Alliance UL Standard Plus Table E risk class.

INCLUDED RIDER: Accelerated Living Benefit (ALBR)

NO Additional Premium

This rider is automatically included in the policy with no additional premium (Classic 1). Up to 100% of the Death Benefit can be accelerated. However, the benefit payment will be less than the accelerated amount. Accelerated Death Benefits are based on the present value of the death benefit the Owner requests, as well as the Insured's life expectancy.

TERMINAL ILLNESS (TIALB)

Terminal Illness means that the Insured has a medical condition, resulting from bodily injury or disease, or both, which is expected to result in the death of the Insured within 24 months of diagnosis.

This rider allows the Policyowner to accelerate up to 100% of the death benefit.

The policy's benefit, values and premiums will be reduced in proportion to the amount of death benefit that was accelerated.

Benefits paid out under this rider may be subject to taxation. Some rider provisions differ by state.

State Variation FLORIDA – Terminal Illness

- A. Death must be expected to occur within 12 months.
- B. A benefit can be accelerated only one time.

CHRONIC ILLNESS (CHALB)

Chronic Illness means that the Insured is unable to perform at least 2 of the 6 activities of daily living without substantial assistance or the Insured has a severe cognitive impairment. The 6 activities of daily living are bathing, continence, dressing, eating, toileting, and transferring.

This rider allows the Policyowner to annually accelerate up to 24% of the initial policy death benefit.

Each year, the Insured's Chronic Illness will have to be re-certified by a physician.

The policy's benefit, values and premiums will be reduced in proportion to the amount of death benefit that was accelerated.

Benefits paid under this rider, if approved, will be a fraction of the death benefit accelerated, and will depend on such factors as nature and severity of the health condition and the change in remaining life expectancy. The smaller the change in remaining life expectancy, the lower the payment. The larger the change in life expectancy, the higher the payment.

Benefits paid out under this rider may be subject to taxation. Some rider provisions differ by state.

State Variation FLORIDA – Chronic Illness

- A. A benefit can be accelerated only one time.

CRITICAL ILLNESS (CRALB)

Critical Illness means that the Insured has been diagnosed with one of the following health conditions:

- Heart Attack – the death of a portion of the heart muscle resulting from inadequate blood supply to the relevant area. It does not include angina or the chance findings of EKG changes indicative of a previous heart attack.
- Stroke (not including transient ischemic attacks).
- Cancer – there must be one or more malignant tumors present. The following conditions are not included: pre-malignant lesions, benign tumors, polyps, or skin cancer (except for invasive malignant melanoma).
- End Stage Renal Failure – chronic irreversible and total failure of both kidneys which requires renal transplantation or regular renal dialysis.
- Major Organ Transplant – this includes transplant of a heart, lung, liver, kidney, pancreas or bone marrow.
- Amyotrophic Lateral Sclerosis (ALS).
- Blindness – permanent and uncorrectable loss of sight in both eyes resulting from diabetic retinopathy.
- Paralysis – complete and permanent loss of use of 2 or more limbs due to neurological injury producing paralysis resulting from trauma, CVA, polio, ALS, multiple sclerosis, or Guillain-Barre syndrome.

The policy's benefit, values and premiums will be reduced in proportion to the amount of death benefit that was accelerated.

No payment will be made for a Critical Illness arising during the first 30 days the policy is in force unless it is caused by an accidental injury.

Benefits paid under this rider, if approved, will be a fraction of the death benefit accelerated, and will depend on such factors as nature and severity of the health condition and the change in remaining life expectancy. The smaller the change in remaining life expectancy, the lower the payment. The larger the change in life expectancy, the higher the payment.

Benefits paid out under this rider may be subject to taxation. Some rider provisions differ by state.

FOR PRODUCER USE ONLY. NOT FOR PUBLIC DISTRIBUTION.
